THE PROPOSER IS RESPONSIBLE FOR MAKING THE NECESSARY CHANGES AND MUST ACKNOWLEDGE RECEIPT OF ADDENDUM.

11-21-12
DATE

ROBERT E. MARSHALL
SENIOR PROCUREMENT SPECIALIST
CHATHAM COUNTY

Responses to questions received:

1. Page 12 - Builders Risk Insurance - is this required?

This only applies to vertical construction and not drainage projects.

2. Does the Field Allowance, Item 23 on Bid Sheet, add (included in) to total cost when calculating 30% goal for MBE/WBE or is it exempt?

It is exempt.

3. Bid sheet list 2 Check dams, Item 20, whereas item 7, page N1 and drawings, page C4 indicate 3 check dams. How do you want us to bid this?

Bid using the Bid Sheet totals. If additional items are needed in the field, the unit price from the Bid Sheet will be used to calculate.

4. Page N1 shows typical bedding for pipe of compacted granular material. The cost of this material is normally included in bid cost for drain pipe. Is Item 12 on the Bid sheet the gravel bedding material to be used under piping or for some other purpose?

We have found in this area that the soils are sandy and can be used for bedding. The quantity and cost under Item 12 will be used in case unsuitable soils are found in either the pipe bedding or under the roadway.

5. I could not find on drawings where Item 18, Bid Sheet, Filter Ring was to be used?

The Filter Ring was removed from this project but accidentally left on the Bid Sheet. The Bid Sheet has been revised.

6. Section 1600, paragraph 4, calls for a County approved professional photographer to do the pre-construction video. Do you have a list of approved photographers?

A professional is not required as long as the video is clear and shows all features as explained in the paragraph 4 of Section 1600.
