REQUEST FOR PROPOSAL**

- 3.1 DESCRIPTION AND OBJECTIVES:** The Chatham County Emergency Management Agency is seeking qualified firms qualified to develop a comprehensive Hazard Mitigation Plan for Chatham County.
- 3.2 METHODOLOGY:** The procurement described herein is being conducted as a Request for Qualifications through professional services selection, a method of selecting professional services as provided in The Chatham County Purchasing Ordinance and Procedures Manual.

STEP ONE – ACCEPTANCE AND EVALUATION OF PROPOSALS: All technical requirements, unless otherwise specified, must be met by the proponent or such proposal will be disqualified as being non-responsive. Proposals that are deemed to be incomplete as to substance and content may be returned without consideration.

Fee proposals shall be submitted along with the proposal and will be evaluated and ranked accordingly. Fees should be quoted in “all inclusive” dollars. The evaluation committee will make the selection of the firm which it believes is best qualified to provide the service, fee proposal and other qualitative factors considered. It is emphasized that the firm which offers the lowest fee proposal will not necessarily be the firm selected to provide the service. The selection will be made of that firm which provided the best proposal. “Best” is defined as the best combination of qualitative factors and fee proposal.

STEP TWO - INTERVIEWS: The evaluation committee *may* decide to conduct interviews with any or all firms. It is the sole responsibility of the evaluation committee to determine if interviews will be required. If interviews are conducted, each of the “short listed” firms will be scheduled for an interview. The interviews will be scored. **(30 points possible)**

Representatives from Chatham County will be in attendance. Firms must be represented at this conference in order to submit a proposal.
- 3.4 PROPOSAL DEADLINE:** The response to the Request for Proposal must be received by the Chatham County Office of Purchasing and Contracting no later than **5:00 P.M. (LOCAL TIME), August 5, 2014**. Any proposal received after the time stipulated will be rejected. The County may, for good and sufficient reason, extend the response deadline, in which case all potential proponents will receive an addendum setting forth the new date and time. Proposals must be responsive to the General Conditions (Information and Instructions), Special Conditions, Technical Specifications, and any attachments.

3.5 WITHDRAWAL OF PROPOSAL: Your proposal may be withdrawn by written request received by the County before the time fixed for receipt of proposals. Withdrawal of your proposal will not prejudice the right of the proponent to submit a new proposal, providing the latter is received timely as provided herein.

3.6 CONFIDENTIALITY OF DOCUMENTS: Upon receipt of a proposal by the County the proposal shall become the property of the County without compensation to the proponent, for disposition or usage by the County at its discretion. The particulars of the proposal documents will remain confidential until final award of the contract. Only final points and ranking of proposals will be openly disclosed prior to approval by the Board of Commissioners.

Negative campaigning through the mass media about the current service delivery is strictly prohibited. Such actions may cause your proposal to be rejected.

3.8 FORMAT OF RESPONSES: To be considered, proponents must submit a complete response to the Request for Proposal. The format provided in this Section is not negotiable. Upon award of the contract, the proponent shall be bound to deliver services on the terms and conditions of this document and any negotiations which may occur. As well, the County shall be bound on the said terms and conditions to procure the services described and remit payment to the proponent when services are completed and accepted.
- 4.5 **PERFORMANCE AND APPROVAL OF SUB-CONSULTANTS:** The proponent will perform the project as an independent contractor and not as an agent or employee of the County. Joint ventures and sub-contractor arrangements are not prohibited; however, the proponent shall secure written permission from Chatham County before subcontracting any part of this service. Such permission should be obtained during the proposal evaluation stage. Proponents are encouraged to use Minority/Woman Business Enterprises and are reminded of reporting requirements when utilizing these arrangements.
- 4.6 **LICENSES, PERMITS, TAXES:** The price or prices for the work shall include full compensation for all fees that the proponent is or may be required to pay.
- 4.7 **CHANGES:** In the event a contract is awarded, the County may, at any time during the contract period, make changes within the general scope of the contract and its technical provisions. If any such change causes any increase or decrease in the proponent's cost of performing any part of the contract, whether changed or not changed by any such notice, an equitable adjustment shall be made in the contract prices, or in the time of performance, or in both. A written memorandum of such adjustment shall be made.

Any claim by the proponent for an equitable adjustment shall be supported by detailed cost and pricing data, which the County shall have the right to verify by audit of the proponent's records or, at the County's election, by other appropriate means. Any claim by the proponent for an equitable adjustment shall be made in writing and prior to proceeding with the additional services or capital investments. The County may accept and act upon claims made later if, in the County's sole discretion, circumstances justify so doing. Nothing in this clause shall excuse the proponent from proceeding with performance of this contract in accordance with its original terms and conditions and any approved changes.

- 4.8 **TERMINATION OF CONTRACT:** Each party to the contract shall have the right to terminate any contract to be made hereunder for its convenience by giving the proponent written notice 30 days in advance of its election to do so and by specifying the effective date of such termination. The proponent shall be paid for services rendered and not in question or dispute through the effective date of such termination. Further, provided a contract is awarded, if a proponent shall

fail to fulfill any of its obligations hereunder, the County may, by giving written notice to the proponent at issue, terminate the agreement with said proponent for such default. If this agreement is so terminated, the proponent shall be paid only for work satisfactorily completed.

- 4.9** **ASSIGNMENT:** The CONTRACTOR shall not assign or transfer any interest of the contract without prior written consent of the County.

SECTION V SCOPE OF WORK

PRE-DISASTER MITIGATION PLAN FOR CHATHAM COUNTY EMERGENCY MANAGEMENT AGENCY

- 5.1** **PURPOSE:** Chatham County is updating its existing Multi-jurisdictional Pre-disaster Mitigation Plan according to the requirements of the Disaster Mitigation Act of 2000. This Scope of Work is designed in conformance to FEMA Plan Guidance requirements. The current plan is located on CEMA'S website @ www.chathamcounty.org.

Chatham County agrees to have representatives attend and participate in all GEMA and local level mitigation planning meetings and workshops. Chatham County will coordinate as needed with the GEMA representative to utilize the tools necessary and to ensure that the plan meets the most current Federal regulations. Each county will be required to complete the following: Critical Facility Inventory and basic mapping will be established in the Georgia Mitigation Information System, including running reports by jurisdiction for each identified hazard; GEMA Worksheets 3A for each participating jurisdiction for each identified hazard; high level detail for all mitigation action steps as required by FEMA and GEMA; ensure all "recommended revisions" from their previous FEMA Plan review are addressed in the plan update. Appendix A is included to assist the consultant in reviewing the plan.

Additionally, the County will ensure the plan update is consistent with the most current requirements from FEMA, including:

- 5.2** **IDENTIFY ALL CHANGES TO THE PLAN WITHIN EACH SECTION**

5.2.1 **UPDATE THE PLANNING PROCESS:**

List jurisdictions participating in the plan that seek approval.

Describe process used to review and analyze each section of plan, as well as process used to determine if a section warranted an update.

5.2.2 **IMPROVE THE RISK ASSESSMENT:**

- Address any newly identified hazards that pose a more significant threat than was apparent when previously approved plan was prepared.
- Discuss new occurrences of hazard events and update the probability of future occurrences.

- Incorporate new information where data deficiencies were identified in the original plan, or if the data deficiencies remain unresolved, explain why they remain unresolved and include a schedule to resolve the issue.
- Include current inventory of existing and proposed buildings, infrastructure, and critical facilities in hazard areas, including existing NFIP repetitive loss structures. The community will determine how far into the future they wish to go in considering proposed buildings and Critical Facilities based on and timed with data gathering phase of their comprehensive plan or land use plan update.
- The loss estimate should be updated to reflect any changes to the hazard profile and/or the inventory of structures. Any changes to analysis methodologies must be noted. Any previously noted data deficiencies should be updated or explained.
- Should include a general overview of land uses and types of development occurring within community and highlight any new and/or relevant information.
- If there are changes in the risk assessment or the vulnerability of the community to the hazards, the information must be attributed to the appropriate jurisdiction(s) or to the whole planning area, whichever applies.

5.2.3 ANALYZE, UPDATE, AND CONTINUE DEVELOPMENT OF GOALS, OBJECTIVES, AND ACTION STEPS:

- Use this update as an opportunity for jurisdictions to reconsider the goals and objectives. For goals and actions that remain, the plan must document that they were re-evaluated and deemed valid and effective.
- Goals and objectives shall include the community's strategy for new or continued NFIP participation. Continue to use the "STAPLEE Criteria" (Social, Technical, Administrative, Political, Legal, Economic, and Environmental), or incorporate the.
- STAPLEE Criteria if not previously used to assess the value of and develop an understanding of the cost effectiveness of mitigation action steps. If actions remain unchanged, the updated plan must indicate why changes are not necessary.
- Shall include evaluation and prioritization for any new mitigation action steps.

5.2.4 UPDATE THE PLAN MAINTENANCE AND IMPLEMENTATION:

- Must include an analysis of whether previously approved plan's method and schedule for monitoring, evaluating, and updating plan worked, and what elements or processes, if any, were changed; and discuss method and schedule to be used over next five years.

- Describe other planning mechanisms or ordinances that this plan will be incorporated into, such as Comprehensive Plans.

5.2.5 INFORMATION DISSEMINATION:

- Describe how community was kept involved during plan maintenance process over previous five years, within planning process section of plan update.
- Plan maintenance section shall describe how community will involve public during plan maintenance process over next five years.

5.2.6 ADOPTION AND REVIEW:

- The plan will be submitted for State review and recommendation prior to adoption.
- Upon recommendation from GEMA, the county and participating municipalities will adopt the plan.
- The adopted plan will be submitted for FEMA review and approval.

5.2.7 SELECTED CONTRACTOR SHALL:

- Detail experience in producing at least two FEMA approved Hazard Mitigation Plans for communities of at least similar size.
- Define a Professional Planner serving as the lead coordinator for update and section development of the Chatham County Multi-jurisdictional Pre-Disaster Mitigation Plan according to the latest FEMA Plan Guidance requirements;
- Coordinate, host and record all local mitigation planning meetings and workshops (a total of 4 public meetings);

SECTION 2: PLAN ASSESSMENT

INSTRUCTIONS: The purpose of the Plan Assessment is to offer the local community more comprehensive feedback to the community on the quality and utility of the plan in a narrative format. The audience for the Plan Assessment is not only the plan developer/local community planner, but also elected officials, local departments and agencies, and others involved in implementing the Local Mitigation Plan. The Plan Assessment must be completed by FEMA. The Assessment is an opportunity for FEMA to provide feedback and information to the community on: 1) suggested improvements to the Plan; 2) specific sections in the Plan where the community has gone above and beyond minimum requirements; 3) recommendations for plan implementation; and 4) ongoing partnership(s) and information on other FEMA programs, specifically RiskMAP and Hazard Mitigation Assistance programs. The Plan Assessment is divided into two sections:

1. Plan Strengths and Opportunities for Improvement
2. Resources for Implementing Your Approved Plan

Plan Strengths and Opportunities for Improvement is organized according to the plan Elements listed in the Regulation Checklist. Each Element includes a series of italicized bulleted items that are suggested topics for consideration while evaluating plans, but it is not intended to be a comprehensive list. FEMA Mitigation Planners are not required to answer each bullet item, and should use them as a guide to paraphrase their own written assessment (2-3 sentences) of each Element.

The Plan Assessment must not reiterate the required revisions from the Regulation Checklist or be regulatory in nature, and should be open-ended and to provide the community with suggestions for improvements or recommended revisions. The recommended revisions are suggestions for improvement and are not required to be made for the Plan to meet Federal regulatory requirements. The italicized text should be deleted once FEMA has added comments regarding strengths of the plan and potential improvements for future plan revisions. It is recommended that the Plan Assessment be a short synopsis of the overall strengths and weaknesses of the Plan (no longer than two pages), rather than a complete recap section by section.

Resources for Implementing Your Approved Plan provides a place for FEMA to offer information, data sources and general suggestions on the overall plan implementation and maintenance process. Information on other possible sources of assistance including, but not limited to, existing publications, grant funding or training opportunities, can be provided. States may add state and local resources, if available.

A. Plan Strengths and Opportunities for Improvement

This section provides a discussion of the strengths of the plan document and identifies areas where these could be improved beyond minimum requirements.

Element A: Planning Process

How does the Plan go above and beyond minimum requirements to document the planning process with respect to:

- *Involvement of stakeholders (elected officials/decision makers, plan implementers, business owners, academic institutions, utility companies, water/sanitation districts, etc.);*
- *Involvement of Planning, Emergency Management, Public Works Departments or other planning agencies (i.e., regional planning councils);*
- *Diverse methods of participation (meetings, surveys, online, etc.); and*
- *Reflective of an open and inclusive public involvement process.*

Element B: Hazard Identification and Risk Assessment

In addition to the requirements listed in the Regulation Checklist, 44 CFR 201.6 Local Mitigation Plans identifies additional elements that should be included as part of a plan's risk assessment. The plan should describe vulnerability in terms of:

- 1) *A general description of land uses and future development trends within the community so that mitigation options can be considered in future land use decisions;*
- 2) *The types and numbers of existing and future buildings, infrastructure, and critical facilities located in the identified hazard areas; and*
- 3) *A description of potential dollar losses to vulnerable structures, and a description of the methodology used to prepare the estimate.*

How does the Plan go above and beyond minimum requirements to document the Hazard Identification and Risk Assessment with respect to:

- *Use of best available data (flood maps, HAZUS, flood studies) to describe significant hazards;*
- *Communication of risk on people, property, and infrastructure to the public (through tables, charts, maps, photos, etc.);*
- *Incorporation of techniques and methodologies to estimate dollar losses to vulnerable structures;*
- *Incorporation of Risk MAP products (i.e., depth grids, Flood Risk Report, Changes Since Last FIRM, Areas of Mitigation Interest, etc.); and*
- *Identification of any data gaps that can be filled as new data became available.*

Element C: Mitigation Strategy

How does the Plan go above and beyond minimum requirements to document the Mitigation Strategy with respect to:

- *Key problems identified in, and linkages to, the vulnerability assessment;*
- *Serving as a blueprint for reducing potential losses identified in the Hazard Identification and Risk Assessment;*
- *Plan content flow from the risk assessment (problem identification) to goal setting to mitigation action development;*
- *An understanding of mitigation principles (diversity of actions that include structural projects, preventative measures, outreach activities, property protection measures, post-disaster actions, etc);*
- *Specific mitigation actions for each participating jurisdictions that reflects their unique risks and capabilities;*
- *Integration of mitigation actions with existing local authorities, policies, programs, and resources; and*
- *Discussion of existing programs (including the NFIP), plans, and policies that could be used to implement mitigation, as well as document past projects.*

Element D: Plan Update, Evaluation, and Implementation (Plan Updates Only)

How does the Plan go above and beyond minimum requirements to document the 5-year Evaluation and Implementation measures with respect to:

- *Status of previously recommended mitigation actions;*
- *Identification of barriers or obstacles to successful implementation or completion of mitigation actions, along with possible solutions for overcoming risk;*
- *Documentation of annual reviews and committee involvement;*
- *Identification of a lead person to take ownership of, and champion the Plan;*
- *Reducing risks from natural hazards and serving as a guide for decisions makers as they commit resources to reducing the effects of natural hazards;*
- *An approach to evaluating future conditions (i.e. socio-economic, environmental, demographic, change in built environment etc.);*
- *Discussion of how changing conditions and opportunities could impact community resilience in the long term; and*
- *Discussion of how the mitigation goals and actions support the long-term community vision for increased resilience.*

B. Resources for Implementing Your Approved Plan

Ideas may be offered on moving the mitigation plan forward and continuing the relationship with key mitigation stakeholders such as the following:

- *What FEMA assistance (funding) programs are available (for example, Hazard Mitigation Assistance (HMA)) to the jurisdiction(s) to assist with implementing the mitigation actions?*
- *What other Federal programs (National Flood Insurance Program (NFIP), Community Rating System (CRS), Risk MAP, etc.) may provide assistance for mitigation activities?*
- *What publications, technical guidance or other resources are available to the jurisdiction(s) relevant to the identified mitigation actions?*
- *Are there upcoming trainings/workshops (Benefit-Cost Analysis (BCA), HMA, etc.) to assist the jurisdictions(s)?*
- *What mitigation actions can be funded by other Federal agencies (for example, U.S. Forest Service, National Oceanic and Atmospheric Administration (NOAA), Environmental Protection Agency (EPA) Smart Growth, Housing and Urban Development (HUD) Sustainable Communities, etc.) and/or state and local agencies?*

**SECTION 3:
MULTI-JURISDICTION SUMMARY SHEET (OPTIONAL)**

INSTRUCTIONS: For multi-jurisdictional plans, a Multi-jurisdiction Summary Spreadsheet may be completed by listing each participating jurisdiction, which required Elements for each jurisdiction were ‘Met’ or ‘Not Met,’ and when the adoption resolutions were received. This Summary Sheet does not imply that a mini-plan be developed for each jurisdiction; it should be used as an optional worksheet to ensure that each jurisdiction participating in the Plan has been documented and has met the requirements for those Elements (A through E).
