

CHATHAM COUNTY PURCHASING DEPARTMENT

ADDENDUM NO. 1 TO RFP #16-0058-5

FOR: ONE TIME PURCHASE OF BODY CAMERAS LESS TRADE INS FOR THE CHATHAM COUNTY SHERIFF'S OFFICE

=====

PLEASE SEE THE FOLLOWING ADDITIONS, CLARIFICATIONS AND/OR CHANGES:

1. **Question:** Subsections 4.5.2C and 4.5.2E are the same. Which subsection would you like this information under?
Response: The subsections are slightly different. 4.5.2C asks for the **scope** and 4.5.2E asks for the **nature**.

2. **Question:** Subsection 5.2.6 reads "The unit should have a fast download with options for turning on (stealth mode, beep, etc.)" can you please explain what is meant by "options for turning on" and fast download.
Response: The term "fast download" refers to the unit downloading video after it has been recorded. The unit should download automatically and with wireless capability. The second part concerning options for turning on is just that, turning the unit on. The unit should have options in turning the unit on like stealth mode (no beeps or flashing light to alert someone the unit is functioning), automatic turn on (when blue lights are activated), etc...

3. **Question:** What existing CAD system does Chatham County use?
Response: The Sheriff's Office's existing CAD system is manufactured by Aries and utilizes Windows XP Professional.
