FOR: SHOWER VALVE REPLACEMENT AND INSTALL OF NEW COLD WATER PIPING AT THE CHATHAM COUNTY AQUATIC CENTER

PLEASE SEE THE FOLLOWING ADDITIONS, CLARIFICATIONS AND/OR CHANGES:

1. **Question:** We are having difficulty finding the components spec'd out in the bid invitation. Our supplier has cross-referenced the obsolete parts requested with the current available product. Can you please confirm that we can substitute the parts prior to submitting our bid?

Response: After researching the products specified in the bid package, we found that the fixtures are still made. The Speakman product #CPV-TP is a current part number, the CPT-5000 is now CPT-5001, CPT-5400 is also still the current part number for what we specified. The Symmons Hydapipe 1-901S-FSB is also still a current part number that we specified. If you need to order these parts, the phone number for Speakman is 1-800-537-2107, and the number for Symmons is 1-800-796-6667.
